

Certification Programs for Saudi Arabia.

SABER

SABER is a platform that allows importers and local manufacturers to electronically obtain the required Certificate of Conformity and Certificate of Shipment Conformity for related products.

SFDA

The Kingdom of Saudi Arabia requires that all consignments of cosmetics and food products exported to the country comply with Saudi Food & Drug Authority (SFDA) Technical Regulations and GSO/SASO standards

SQM

The SASO requires manufacturers and traders wishing to export regulated products to Saudi Arabia to apply for the Saudi Quality Mark (SQM) through an authorized certification body.

OXO

The service enables the applicant to apply for the issuance of a conformity certificate for the manufacture of plastic products in accordance with the list of biodegradable plastics.

G-MARK

The Gulf Conformity Mark (G-Mark) is a mandatory requirement for low voltage electrical equipment (LVE) and children's toys that are being imported or sold in the Gulf Cooperation Council (GCC) members.

Our Mission & Values

”

*"ENGINEERING
SOLUTIONS FOR
THE FUTURE."*

- Our mission at PEIS is to provide cutting-edge engineering services that help our clients succeed in today's fast-paced business environment. We are committed to delivering innovative solutions that drive growth and profitability.
- At PEIS, we believe in honesty, integrity, and transparency. We are committed to building strong relationships with our clients based on trust and mutual respect. We strive to maintain the highest standards of ethics and professionalism in everything we do.

About Us

PEIS was established in 2015 with the ambition to provide a fully coordinated service that focused on the needs of clients and challenged the industry standards of quality and service for the better. As a team of highly qualified engineers and project management experts, PEIS provides invaluable hands-on experience and world-recognized qualifications to deliver a service that has a deep understanding of the needs of the clients and therefore the solutions they need. The Business has grown strongly and sustainably in the past 3 years to build a highly experienced central coordination team, a regional business office, and a trusted, high-quality global network of over 4500 freelance inspectors.

Why PEIS?

Certification

Inspection

Reporting

Relationships

Resourcing

Achievements

- 1000+ worldwide assignments and counting.
